## TO ORDER

We prefer to receive as much via email as possible. If you have access to the Hebrew type electronically, email it to us as a .pdf, .eps or .ai. Convert type to outlines if you are working in Illustrator or InDesign. Then, provide placement details in the special instructions portion of our order form.

Otherwise, specify the characters or phrase in the copy portion of our order form using the numeric equivalents shown in the tables above. Be sure the numeric equivalents are written in the order as the characters should appear and leave clear spaces in between words. Provide placement details in the special instructions portion of our order form.

If easier, separate Hebrew type order forms are on our website for your convenience.
