Policies & Order Guidelines

Placing Orders	Order forms can be faxed, emailed, or mailed to Designers' Fine Press. Fill out one order form completely for each custom product. Order forms can be downloaded at http://www.designersfinepress.com/dealer/DesignersFinePressOrderForm.pdf . Please watch for an email confirming our receipt of your order shortly after submission (during business hours).
Proofs	<p>Within 1 business day of receiving an order, Designers' Fine Press will email a color proof for each custom product ordered. Up to three complimentary proof sets are included with each order; each additional proof set is \$40.00 retail. Orders with custom design work may receive fewer complimentary proofs.</p> <p>Color proofs are representative of card layout and typesetting, but not of actual printed ink or foil color. Proofs viewed on computer monitors and/or printed from digital/laser/inkjet printers are not accurate in their representation of how the printed ink or foil will appear. Please refer to our ink and foil swatches and album suites for a more representative color.</p> <p><i>It is your responsibility to carefully check all details of each proof before providing an approval. Stationery Works is not responsible for any errors or revisions after approval and/or printing, including errors introduced by Stationery Works during order set up and proofing. Any and all costs associated with revisions requested by the customer after providing approval will be the responsibility of the customer.</i></p>
Approval	To approve an order, please fax or email signed, approved proof versions for each item. We will only proceed to print once signed proof approval form(s) have been received. Phone or Email approvals without signed proofs are not accepted. You will receive email confirmation of our receipt of your approval within one business day of your approval submission. <i>If you do not see this approval email confirmation from us, we have not received your approval. Please follow up with us to ensure your order is moving into production.</i>
Order Processing Time	For orders using in-stock papers, Designers' Fine Press <i>typically</i> ships within 6-8 business days (M-F) of proof approval. We will notify you with an approval email confirmation when order shipment can be expected.
Shipping	Shipments are made from Cincinnati, OH, via your choice of our FedEx shipping options for our customers in the continental United States. We offer Ground, 3 day, 2 day, and 1 day shipping methods (shipping days are M-F). Drop shipping to an end client is available at an additional cost; please see Shipping Page for more details. International dealers are required to provide their UPS account for shipment.
Cancellations	If, for any reason, the customer decides to cancel their order, we will charge for the work completed up to the point of cancellation (proofs, plates, printing, etc.). Cancellation fees start at \$100 retail and will increase in relation to the number of proofs or amount of work completed.
Received Order Review	We must be notified of any discrepancies regarding a shipped order within 10 business days of receipt of order for consideration of resolution.
Returns	Custom printed items are not returnable.
Ink and Foil Color Options	Your client can customize their order by choosing the ink and/or foil color(s) for their cards. Card pricing is tied to the number of ink or foil colors used. Inkless impression (blind impression) is considered to be an ink color. Please refer to the Pricing Summary to see how additional colors impact pricing, and to the swatches to see how paper color influences final appearance. Pricing includes selection of any of our in-house options. There is an \$80 ink up charge for any thermography or offset ink color that differs from the printing on an order's invitation or on a stand-alone card order.
Custom Ink Colors	Designers' Fine Press can print a client's card using a custom ink color(s). The retail price per ink per order is \$80.00 for most ink colors; swatch-matched inks are \$120.00 per ink color; specialty inks such as metallic or fluorescent inks are \$160.00 per ink color. Paper selection and card design may affect the color appearance of the final printed product. Please contact us to discuss your particular color interest.
Custom Foil Colors	Designers' Fine Press can print a client's card using a custom foil color(s). Custom color selection is limited to available vendor foil palettes. Custom PMS matches are not available. Please contact us to discuss your particular color interest, availability, usability and cost before purchasing foil.
Extra and/or Double Envelopes	Extra Colored, Crane Lettra, and Eggshell Finish envelopes are available for an additional \$0.60 per envelope. Additional Royalty, 8.5" square, or Arturo envelopes are \$1.00 each. Printed envelopes are available in 25-piece increments. Double envelopes (ungummed inner and gummed outer) are available in several different options; please see the Creative Library for a comprehensive table of availability.
Early Envelopes or Envelopes Only	Envelopes can be ordered separately and shipped ahead of a complete invitation order. There is a \$100 retail fee for this service in addition to the regular printing and shipping costs. Please know that the best color match will be achieved when all items of a suite are printed at the same time. Subsequent printed items may exhibit some color variation.
Reorders	The minimum quantity for reorder is 50 pieces. Reorders are priced as a new order without regard to previous quantities printed. While the original order will be referenced, an exact ink match is not guaranteed.
Color variations	Designers' Fine Press is dedicated to superior quality and has implemented processes and printing standards to minimize color variations. However, due to many factors in the artisan nature of letterpress and thermography printing, ink colors can vary from the samples shown in our albums or swatch books. Discounts will not be extended for color variations.
Design Variations	Designers' Fine Press can typically accommodate requests to modify our card designs for your clients without charge, depending on the complexity of the change. We will notify you if modifying the design will create printing concerns and require special press handling.
Typestyles	Your client can choose from our assortment of typestyles. If choosing more than 1 typestyle, indicate which typestyle should be used by line on the order form.
Client-Provided Motifs and Artwork	Designers' Fine Press can typically print client-provided motifs and some artwork. Submitted files are subject to a \$40.00 retail fee per file. Please contact us for more details for file submission and feasibility. Complexity and file readiness will determine the extent of additional fees.
Stamp File	We may provide files and extend limited printing rights for artwork to be used on items we don't manufacture - postage stamps, napkins, light images, etc. These files may not be used for products we offer such as Day Of pieces (programs, table cards, menus, etc.) or printed stationery (thank you notes, return address stamps, etc.). Please contact us for pricing.
Rush Fees	Rush orders can typically be accommodated on a case by case basis, and determined at order approval. Please contact us for more details about cost and timing.
Supplied Paper and Envelopes	We are happy to consider requests to print on custom supplied paper and envelopes. Please contact us prior to ordering stock to confirm the feasibility and quantity of the items you are interested in supplying to us. Please know we do not extend a credit for supplied stock, but we also do not charge extra for its handling.
